Are you looking to upgrade, maintain or service your computer systems? **MyTECHWIZ** has six monthly service plans that could be right for you.

Our first service plan is **Endpoint Protection**. It's important that you always use anti-virus software and keep it up-to-date to protect your data and devices. MyTECHWIZ *Real-Time Protection Solution* will protect your data and devices against threats such as viruses, trojans, rootkits, spyware, ransomware, and zero-day exploits. MyTECHWIZ will monitor your device daily and keep your data and computers safe with our advanced cyber defense powered by Malwarebytes.

The Endpoint Protection Service base price starts with three computers at **$45.00 per month.** Any additional computers added to this package would be *$15.00 per computer.*

Our second service plan is a **Patch Management Package**. Many of our customers like this option because of the price and monthly update installments. It ensures more robust computer security and enhances compatibility with new computer programs. Having your computer up- to-date is a sure way to maintain a secured network. MyTECHWIZ will log on to your computer remotely during non-business hours, update, and monitor your computer's performance. The Patch Management services are listed below.

Windows Updates	Inventory Tracking
Driver Updates	Remote Task Manager
Device Information	Patch Management
Hardware Health	Third-Party Applications Updates

The Patch Management Package base price starts with three computers at **$165.00 per month**. Any additional computers added to this package would be *$55.00 per computer.*

Our third service plan is a **Data Backup and Recovery Solution**. This is also a great option that many of our customers choose to prevent unseen accidents that may occur to your computers and servers that can potentially corrupt or delete years of information. Mostpeople may not even consider a backup plan until it's too late. It's good to have the reassurance of a backup plan, where the data can quickly be restored to get things running back to normal as soon as possible. MyTECHWIZ backs up all your data from your computers, servers, and mobile devices and securely stores it in the cloud. Your data is encrypted with 256-bit AES encryption during transfer and storage. If you ever lose your data,MyTECHWIZ can restore all your files quickly from backup. All your data can be scheduled for automatic backup from time to time, so you don't have to remember to do it. We do the work for you.

The Data Backup and Recovery Solution base price starts with three computers at **$210.00 per month.** Any additional computers added to this package would be *$70.00 per computer.*

Our fourth service plan combines the **EndPoint Protection Service**, **Patch Management Package, and the DataBackup and Recovery Solution**.

The Endpoint Protection Service, Patch Management Package, and the Data Backup and Recovery Solution base price start with three computers at **$395.00 per month.** Any additional computers added to this package would be $130.00 per computer.

Our fifth service plan combines the **Patch Management Package and the DataBackup and   Recovery Solution**.

The Patch Management Package and the Data Backup and Recovery Solution base price start with three computers at **$350.00 per month.** Any additional computers added to this package would be $115.00 per computer.

Our sixth service plan is a **Total Care Package**, which I call **"Your Personal Computer Technician."** This service includes everything mentioned above and more. If you have any issues regarding viruses, computer slowness, not receiving emails, lost passwords, or need a computer set up. You can either give us a call @ 513-997-9097 or submit an online ticket, and a MyTECHWIZ service technician will stop by your office or remotely log onto your computer and help resolve the issue. MyTECHWIZ service and response time is top-notch. We are dedicated to offering the friendliest, most reliable, and honest service and support available to our customers. You don't have to take my word for it; please read our customer reviews on the Better Business Bureau website. Below I have provided the services included in the Total Care Package.

Virus and Spyware Removal	Computer Setup	Email Setup
Computer Tune-Up	Software Installation	Server & Network Maintenance
LAN & Wireless Troubleshooting	Password Recovery	Hardware Repair
Data Backup and Recovery	Printer Setup	PC Migration
Data Erasure Service	Operating System Repairs	Advanced System Diagnostic

The Total Care Package base price starts with three computers at **$699.99 per month.** Any additional computers added to this package would be *$233.99 per computer.*

Our seventh service plan is the **Break-Fix** option. Just call *513-997-9097* for support and have a technician remotely log on to your computer and repair any of the issues listed. You can also schedule an appointment Mon - Friday for an on-site visit. MyTECHWIZ service pricing can be found on our website.
